## PROGRAM PROPOSAL FORM

- Preliminary Approval Check here when using this form for preliminary approval of a program proposal, and respond to the items in general terms.
- Final Approval Check here when completing this form after the Vice President for Instruction has given preliminary approval to a program proposal. For final approval, complete information must be provided for each item.

Program Name:	CPMRI Magnetic Resonance Imaging	Barovar	
Division and Department:	Math, Science & Health: Allied Health Dept.		
Type of Award:	□ AA □ AS □ AAS □ Cert. □ Cert. of Comp.		
Effective Term/Year:	Fall 2015	int (Cavins)	
Initiator:	Connie Foster		
<b>Program Features</b> Program's purpose and its goals.	The purpose of the program is to offer a 12-month post-associate certificate program Magnetic Resonance Imaging (MRI). Goals:	m in	
Criteria for entry into the program, along with projected enrollment figures.	<ol> <li>Offer a series of didactic and clinical courses that will prepare students for the porregistry certification examination administered by the American Registry of Radiolog Technologists (ARRT).</li> <li>Prepare students entry-level positions in Magnetic Resonance Imaging (MRI).</li> </ol>	st-primary gic	
	<ul> <li>Criteria for Admission into the Magnetic Resonance Imaging (MRI) program:</li> <li>Registered radiologic technologist with primary certification in Radiograph Sonography, Nuclear Medicine or Radiation Therapy</li> <li>Graduate of a JRCERT accredited program</li> <li>Minimum GPA of 3.0</li> <li>Current CPR certification</li> </ul>	у,	
Connection to other WCC programs, as well as accrediting agencies or professional organizations.	<ul> <li>Completed college physical form by licensed physician</li> <li>Crime-free criminal background check</li> <li>Complete RAD 223 Sectional Anatomy or equivalent course with a grade of better</li> </ul>	of B+ or	
Special features of the program.	The projected enrollment is 12 students per year.		
	The Magnetic Resonance Imaging (MRI) program will provide graduates of the Was Community College Radiography Program with an opportunity to obtain advanced certification in MRI.	shtenaw	
	Registered radiological technologists who complete the MRI program will also satisf ARRT continuing education requirements for a 2-year period.	fy the	
Need Need for the program with evidence to support the stated need.	The career outlook for MRI technicians is excellent, with demand increasing at a rate than average. The U.S. Bureau of Labor Statistics (BLS) predicted a 17% riscopportunities for MRI technicians and other radiologic technicians and technolog between 2008 and 2018 (www.bls.gov). As MRIs become cheaper, they will becomore common component of treatment for various medical conditions and will all applied to a greater variety of conditions. A growing and aging population will all require an increasing use of this procedure.	faster e in job gists ome a lso be lso	
	Hospitals, private physicians and diagnostic imaging centers employ most MRI technicians. The BLS reported the mean salary for medical technicians at \$54,180 and estimated that the middle 50% of radiologic technologists earned between \$4 and \$64,070 per year.	0 in 2009 3,510

Program Information	Accreditation/Licensure – No Accreditation is required at this time.
	Advisors – Connie Foster
	Advisory Committee - TBA
	Admission requirements - See Program Features: Criteria for entry into the program
	Articulation agreements - None
	Continuing eligibility requirements - Pass all first semester courses with a C or better

## Assessment plan:

Program outcomes to be assessed	Assessment tool	When assessment will take place	Courses/other populations	Number students to be assessed
Apply the theoretical and practical principles of magnetic resonance imaging (MRI) by passing the ARRT post-primary certification exam within 1-year of graduation.	ARRT exam	After graduation	All graduates	All program students
Demonstrate clinical competency in all mandatory and elective magnetic resonance imaging (MRI) procedures as required by the ARRT.	ARRT application	At completion of program	All program students	All program students

## Scoring and analysis plan:

1. Indicate how the above assessment(s) will be scored and evaluated (e.g. departmentally developed rubric, external evaluation, other). Attach the rubric.

Pass rate from the ARRT will be evaluated. The clinical audit for the MRI application will be used.

2. Indicate the standard of success to be used for this assessment.

90% of graduates will pass the ARRT magnetic resonance imaging exam within 1-year of graduation. 100% of the students will complete all mandatory and elective MRI procedures.

- 3. Indicate who will score and analyze the data. Department Faculty
- 4. Explain how and when the assessment results will be used for program improvement. The assessment results will be reviewed by the faculty and clinical instructors to revise and update the MRI curriculum.
