Students who do not meet in-district requirements, however work in Washtenaw County, may apply for this tuition rate. Indicate below which option you are applying with and the documentation you will be providing. WCC encourages you to submit this application **prior** to your registration as your tuition will be due by the published deadline regardless of any pending Work In-District application. If your application is approved **after** you have paid, you will be refunded the difference (please see the Cashier's Office for refund details). Once approved, **you must renew your Work In-District request every academic year**, as the rate expires at the end of the Summer semester.

If your pay statements do not display hours or hourly rate, you will need to submit a letter from your employer indicating the number of hours you worked each week from the time periods, along with your pay statements.

If your name is different on the pay statements, you will need to update your name on file at WCC to your legal name.

We encourage you to ink out your social security number and your deductions from any copies that you provide, and any copies you submit will be kept by the College.
